

The Women's Medical Clinic
Lynn Rudman, MD
Gynecology Obstetrics Infertility
504 W. Pueblo St., Suite 303, Santa Barbara CA 93105
Phone (805) 563-9100 Fax (805) 687-8668

I agree to pay Lynn Rudman, MD. The sum of \$4300.00 for prenatal care, delivery and post-partum care. During your pregnancy, your insurance company will be billed for your first visit and physical exam as well as your ultrasound. Your insurance company will then reimburse you directly. After delivery, your insurance will be billed for your prenatal care and delivery and your insurance company will again reimburse you directly. There will be an additional \$500.00 fee for a Cesarean section.

I understand that this includes:

- Our first pregnancy confirmation and physical exam
- Routine prenatal care – to include 15 prenatal visits
- One first trimester ultrasound
- Attendance during active labor, and post partum hospital visits
- Vaginal delivery and 1 post partum visit four weeks after delivery **OR**
- Cesarean delivery with 1 post partum visit two weeks after delivery
- And 1 post partum visit 6 weeks after delivery

I understand that the above fee does not include:

- Emergency room visits and hospital visits not related to delivery
- Treatment of any condition not directly related to pregnancy
- Laboratory expenses, ultrasounds, injections, or fetal monitoring

Some insurance companies require pre-certification. This involves calling the phone number on your insurance card and giving them information regarding your upcoming delivery. In some cases, benefits may be reduced if this requirement is not met. Please call your insurance company with necessary information and relate their reference number to this office.

We request that monthly payments of \$500.00 are made and we must receive \$2,500.00 by 24 weeks to continue your prenatal care in our office.

I understand the above fee agreement:
